

Shipped Semen Information and Pricing

In addition to the regular breeding fee, those requesting fresh - cooled semen will incur charges listed below. Please make prior arrangements with Sterling Ranch regarding payment prior to needing a shipment to insure your request will not be denied.

In the event where semen is at a high claim during summer months, counter to counter shipments and mares on property will have priority over FedEx shipments due to the demand of semen.

Shipping fees have been carefully set in accordance with other breeding facilities and cannot be altered. We will not charge the shipment fees to your Fed-Ex Account.

Please review the items below regarding fees and regulations. If you have any questions, please feel free to contact our office staff.

1. Applicable fees must be pre-paid prior to any semen shipment. There will be no exceptions.
2. Because the expense involved EACH time the semen is shipped, it is imperative that your veterinarian is aware of you mare's current breeding status and is confident that she is in fact ready to be bred. Per the breeding contract, advance notice is required when requesting a semen shipment. Cancellation requests must be made by 8:00AM on collection / shipping day CST. Holidays included.
3. A contract for cooled semen does not guarantee that semen will be available on the day you request. Cooled semen shipments are taken on a first come - first serve basis and mares on the premises of Sterling Ranch have a breeding priority on any given breeding day.
4. Semen may only be requested on regularly schedules breeding days at Sterling Ranch, which are **Monday, Wednesday and Friday** of every week.
5. Have your veterinarian or breeding manager contact Sterling Ranch at least two (2) days PRIOR to when he / she believes they will need semen for your mare. This will help us to plan for your potential need for semen.
6. **We recommend that Smart Spook's semen is flown Counter to Counter.**
